Expenditure Addendum

Review and discuss any discrepancies between the disposable income and saving accumulated:

Are the expenditure details realistic?:

Details of any anticipated changes (*other than at retirement*):

Other potential Discretionary Expenditure Capital or Regular Income?:

What liabilities do you have and how do you plan to pay off any debt?:

Post retirement, how may this change?:

How do you expect your level of expenditure to change when you retire?:

What is the likely timing of your expenditure and are there any expected peaks and troughs?:

How important is the need to make provision for any dependants after your death or when you are still alive?:

What are your plans for carrying on working either on a full or part-time basis?:
